

Wire Products Ltd.

ENERGY POLICY

WIRE PRODUCTS LIMITED is fully committed to energy management and efficient and sustainable use of energy resources.

Towards this goal the company shall:

1. Conform to all the Kenyan Statutes and Regulations in respect of energy usage including the Energy Management Regulation Act 2012.
2. Provide resources necessary to achieve energy efficiency.
3. Establish and maintain an energy committee to spearhead the implementation of measures to achieve energy efficiency.
4. Adopt good operation data recording and storage procedures and practices to monitor energy use and production.
5. Facilitate the establishment of annual budgets, objectives and targets on energy conservation.
6. Identify training needs and train staff to ensure competence in the efficient energy usage.
7. Ensure continual improvement towards achieving the optimum energy efficiency within our operations.
8. Ensure that this policy is communicated to all our staff and it shall be available for review by the public.
9. Ensure that this policy is reviewed every three years for its continued adequacy and effectiveness.
